

MAKING YOUR WORLD A SAFER PLACE

Miller Edge Announces New Photo Eye Product Offering Changes

Introducing TruGuard™

Miller Edge is pleased to announce its newest photo eye—TruGuard monitored reflective photo optic system. TruGuard is an excellent photo eye option for the gate industry, featuring normally closed and 10K outputs. With an IP67 endorsement, TruGuard's housing is built to last. And, with its unique reflector hood design, TruGuard is ready to go to work in any weather and in any installation environment. Featuring a 2-year warranty, TruGuard provides gate installers a competitively priced photo eye that offers reliable, stable performance.

TruGuard (TG-R-K10) includes:

- Emitter/receiver
- Emitter/receiver bracket/hood
- Reflector
- Reflector hood

Ordering

To order online, log into your MyEdge account today! Or, for more information, contact your Miller Edge Sales Rep. at 800-220-3343 or info@milleredge.com.
