

FOR IMMEDIATE RELEASE

December 30, 2019

To our valued customers:

Effective January 1, 2020, UPS is reducing the weight threshold for handling fees on all shipments from 70 pounds to 50 pounds. This means that any individual carton weighing more than 50 pounds will be assessed an additional \$24.00 handling fee by UPS. Consequently, UPS freight charges from Miller Edge will reflect this change, effective January 1, 2020.

Miller Edge will continue to work relentlessly to reduce your costs for Miller Edge products, ensuring optimized package sizing based on the product and the overall shipment. Due to these efforts, we foresee this change by UPS affecting only a very small number of orders on a monthly basis.

All of the employees of Miller Edge thank you for the relationships we have built with you over the years, and thank you for your business and support of Miller Edge products. If you have any questions regarding these price changes, please feel free to contact your Miller Edge Sales or Customer Service representative.

Sincerely,

Miller Edge
